

Touch Typing

Class Five

Lab 9

Lab Objectives:

- 3 Key Letters: T G & H

Finger Placement

After some quick drills you will be diving in to more typing practice with real words and phrases.

Flex your fingers to loosen them. Notice the two keys G and H in the centre of the keyboard. Sit so that these are in front of the centre of your body. Use fingers as shown.

Exercises - 1

Keeping your fingers over the two sets of four home keys we just practised - stretch your index fingers across to G & H (left hand for "G" and right hand for "H") and up to the T (left hand). Type the drills below.
